In the long run, deregulation would spur economic growth by increasing competition, forcing companies to become more efficient. But greater efficiency would often mean shedding workers, as has happened in Europe and the United States. s, 1/8: Layoffs Loom In Japan, 40% of Firms Overstaffed | False   | By Steven Brull, International Herald Tribune | 1993-10-25                  | TX 3-694-429        |                                       |                                |

Even Stricker, a native of Edgerton, Wis., who has played the Canadian tour the last four years, was surprised at his position atop the leader board. "I was looking at my name up there all day long," he said after shooting a 66 on the Glen Abbey Golf Club course. It was an unexpected pleasure. "I didn't expect much coming in here. I'd been struggling with my driver." | False   |   | 1993-10-25                  | TX 3-694-429        |                                       |                                |
